Peconic Landing Home Health Services: We Take Care of You at Home

Peconic Landing Home Health Services (PLHHS) is an elite home care agency with the same sterling standards as the award-winning life plan community Peconic Landing. PLHHS is licensed by the NYS Department of Health to provide comprehensive home care services throughout the East End of Long Island.

There's truly no place like home. Receiving care in one's home contributes to supporting independence, dignity as well as physical and emotional well-being.

■ **Tailored Care Plans and Person-Centered Care:** Guided by our person-centered care philosophy, our care professionals cater to each individual's unique needs and abilities, adhering to Peconic Landing's exceptional care standards. All care is overseen by our registered nurse, assuring clients of the highest standards of medical attention. "We prioritize each client's unique medical and personal needs and create an individualized plan of care," said Paula S. Croteau, RN, and Clinical Nurse Manager. "Each client receives the premium of nursing oversight and coordinated care with their medical team."

■ **Exceptional Care Providers:** PLHHS provides a concierge approach to home

care services with exceptionally high employee standards. Our care providers include Nurses, Home Health Aides, and Companions/Personal Assistants. "Our caregivers, in addition to providing essential support, encourage clients to maintain their interests and continue social engagement," added Susan Croce, PLHHS Administrator.

■ **Home Care Services:** With each client's varying home care needs, the PLHHS team works with family members and personal physicians to determine the appropriate service needs. Services include Memory Support, Activities of Daily Living, Hospital to Home Oversight, Respite Care, and Progressive Disease Support. Companion/Personal Assistant services include shopping, home organization, meal planning, scheduling, and escorting to doctor's appointments.

■ **Empowerment through Education:** Knowledge is empowering, and PLHHS believes in supporting clients and their families through education. Resources and information enable clients to better understand their health conditions and make informed decisions.

■ **Compassion, Respect, and Choices:** Maintaining independence involves respecting an individual's choices. PLHHS places a strong commitment to listening to our client's preferences and providing care in alignment with their

requests. "Our agency's commitment to quality and compassionate care has enabled us to make a positive impact on the lives of countless individuals," said Croce.

"Because my family is scattered all over the country, I had no one to help me to adjust to my new surroundings. Peconic Landing's Home Health Services paired me with a personal assistant who helped me unpack boxes and sort items for donation. Now she comes over twice a week to help me with chores, which frees up my time so I can focus on my health and hobbies. Her companionship and support are so comforting—she has truly been a miracle in my life." - Marion Salgado, Peconic Landing Independent Living Member

Peconic Landing Home Health Services is not just a healthcare provider — it's an advocate for independence. With tailored support, engagement initiatives, and the utmost respect for choice, they empower individuals to live life on their own terms. Discover how Peconic Landing Home Health Services can enrich your life and help you embrace independence wholeheartedly.
